Have we worked on a video for your friends or family? If so, please list:			
How would the guests of honor like their names to appear on the title card in the video?			

Please tell us about some of your favorite songs and artists. Because we ask for more songs choices than we usually need, there is no guarantee that every song will make its way into the edit. Please also note that any songs that were featured during your ceremony or reception (processional/recessional, first dance, parent dances for example) will already be in the video and there is no need to list it here.

Most contracts include 3 copies of the full length video on a USB drive. Please keep in mind that these are prepared to be compatible with most smart TVs (formatted for NTFS) with USB ports but we cannot guarantee compatibility with every model. Please inform us if there is a particular format that'll work best with your system.

Most contracts also include raw footage -- please email us for a recommendation on what drive/capacity would best fit your footage.

By signing in this box, I understand: - the video edit will be based off of these selections - it is possible that not all of the songs listed here will be used in the edit - editing turnaround time may vary depending on time of year but it's not uncommon for an estimated edit time to be approximately 6-8 weeks
